

Dot-Wall

Perception Design Group A

遮断しない壁

The wall that doesn't intercept ulterior information.

Dot-Wall は普段、壁によって遮られている情報のうち、人やモノの気配だけを通す壁である。これによって壁の向こう側の情報を得ることができる。

"Dot-Wall" is a wall letting only the feel of a person and the thing go through of the information that is usually unobtainable. We can catch the information of the other side of the wall. This is a wall letting only a person and the sign of the thing go through among the information that is usually disturbed by a wall. We can get the information of the other side of the wall hereby.
